WEDNESDAY, NOV. 20. 1907.

We lift our hat to Hon. "Tom" Johnson who has "downed" the administration and all its forces. He was a big man before that election but is bigger now. The fact is he has assumed national proportions.

Now that our legislators have all been chosen we would remind them of th urgent need that the Jim Crow laws should be made applicable to all depots as well as all moving trains The law is already enforced in many places and should be in all.

The government is minting gold with might and main. Away with the thought of a panic when people and government unite to prevent it. The combination is a colossus of strength against which the wave of distrust will beat in vain Afraid we must rely more on confidence than currency.

This is Virginia week at the exposition and although all exposition weeks have been Virginia weeks during the life of the show we will make one more effort to close in a blaze of glory. We have done our duty and will do it again. s that the world may have no chance to say that Virginia was not loyal to the Jamestown exposition.

Neither electric railways, nor autos, nor bicyles have driven the noble horse from the field of action. On the contrary they have vastly increased in numbers and value. The railroads would go empty but for the loads drawn to them by horse muscle, and no man or woman ever yet enjoyed the'auto spin as much as holding the reins over a spirited pair. Take good care of your horse. He is your best friend.

Play politics will be the game in Washington from now until the conventions meet and adjourn. And yet the wheels of government will move on as before. When we think of it how many costly figur-heads do appear on our pay rolls. The people attend to their own affairs, the important affairs of the nation after all, pay taxes, obey the laws and politicians have'nt anything to do but draw salaries and look out for re-election.

Our Governor, with one of Richmond's leading bankers called on Mr. Cortelyou for relief of the moneyed condition of our Capitol city. Instead of currency they received cold comfort, Gamblers catch the ready and listening ear but legitimate demands are ignored. No citizen should be compelled to go to Washington in quest of money or the money should be left in people's pockets, but if gamblers are to be cared for good citizens should not be turned away empty

All that talk about Grant, Thomas and others wanting to serve in the Confederate army is an idle waste of words and time. We wanted all the good fighters we could get, and that the two named belonged to that class no one will deny Without them we did put up a good fight and if living they would say so. And if they did want to fight with us it is to their everlasting credit One thing is sure and that is that the immortal Lee did'nt want to wear a Federal uniform when Virginia called for him.

Expenses of Primaries.

Senator Camm Patteson, of Buckingham, in the Appomattox and Buckingham Times, discusses with his usual ability and force the question of primary elections in Virginia and their excessive cost. His article is headed "A Rich Man's Primary."

We have never been able to understand all this talk and bother about the cost of the primary while the remedy is so simple and plain. The man who buys a slice of ham a slice at a time pays three or four times the cost of it, and if he has the money in his pocket to pay for the whole thing and yet insists on buying it by piecemeal, we call him a fool. The State of Virginia could very readily fix all her elections for the same day. If primaries were held simultaneously and the citizen could go to the polls and vote for every office from United States senator and governor down to magistrate and constable on the same ticket and in the same box, the cost to each candidate would be reduced almost to nothing. In South Carolina this system is in use. The entrance fee for a candidate for governor, we believe is about $200 After that his expenditure is what he chooses to make it, just such travveling expenses, hotel bills, postage and printing as he may think the conditions require.

The system here in Virginia seems to be designed to make the cost of primaries as heavy as possible. Of course it is unjust to the man who is poor or in moderate circumstances. The remedy is not in requiring the State to pay the cost of primary elections. It is in a very simple change in the State laws and party regulations which would give us one primary election day and canvass and divide up the cost among a multitude of candidates. Under this plan the fee of a candidate for magistrate, for instance might be two or three dollars, that of a candidate for the legislature five or ten dollars and that of a candidate for governor two or three hundred dollars.—Editorial Richmond News-Leader

A Mineral Water that Defies Drugs
NATURE'S GREAT BLOOD TONIC

The recent drug exposures in this Country have proven to all that deadly poisons and stimulants urk in many Patent Medicines. You never know when you might be taking some of that class.

Nature has made ample provision for restoring vigor and vitality to humanity, and the public, as well as doctors, resort to Natural Remedies, when all others have failed.

Are you troubled with **Dyspepsia, Nervousness, Malaria, Kidney or Bladder Trouble, Chronic Diarrhoea or Dysentery,** and above all, that dreadful disease **Scrofula,** which has almost baffled human skill, or **Diseases peculiar to Females?**

Piedmont-Bedford Concentrated Iron & Alum Water

Is Nature's Remedy for Nature's Ills. Yes, when you consider that disease comes from impoverished or run down conditions of the system, this Natural Mineral Water furnishes the system what it needs.

The analysis of this Water, shown on the bottle, tells you what **Nature thinks you should take when sick,** and the doctor who reads it will agree.

Do you think the grouping together in this Water of 17 different minerals, which are recognized by medical writers as **most powerful blood tonics,** could have been accidental? Reason answers, NO!

An 18-oz bottle of Piedmont-Bedford Concentrated Iron and Alum water contains all the minerals of 25 gallons of the average natural water—Then **buy buy a barrel of water when you can get a bottle of minerals at the trivial cost of one dollar.** The dose is a teaspoonful in a glass of your own spring water.

How this Water acts upon the system is not clearly known. It is judged mainly by its works. It has cured all the diseases numerated above, and many more, evidently through its action as a powerful **BLOOD TONIC.**

We have many valuable certificates, which we will be glad to mail, if you are interested.

Taylor—Dixon.

A quiet though pretty home wedding was solemnized Monday afternoon at 6 o'clock, at the home of Mr. John Dixon, when the pretty and attractive daughter, Miss Cordelia Christine Dixon became the bride of Mr. Admiral Horace Taylor a prominent young man of this county, Rev. John Spencer officiating. A large assemblage of friends and relatives witnessed the nuptials.

The parlor was very tastefully decorated in a variety of evergreens and chrysanthemums, he color scheme being white and green which lent enchantment to the scene. The bride was becomingly attired in a travelling suit of brown chiffon broad cloth, with hat and gloves to match, and carried a large boquet of white chrysanthemums. The groom wore the conventional black.

Miss Mary Eva LeGrande gowned in white organdie and carrying white chry-anthemums was maid of honor, and Mr. Oscar M. LeGrande attended as best man. The attendants were: Mr. John Dixon and Miss Minnie Cunningham, Mr. Sam Taylor and Miss Maude Cunningham.

The bride is exceedingly popular with a large circle of friends and she was the recipient of a large number of handsome presents.

Mr. and Mrs. Taylor left Tuesday on the afternoon train for an extended bridal tour, after which they will take up their residence at the home of the groom, near Wingina.

Now is the Best Time to Take

A well-known authority on Rheumatism gives to readers of a leading New York daily paper the following valuable, yet simple and harmless prescription, which any one can easily prepare at home.

Fluid extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces

Mix by shaking well in a bottle, and take a teaspoonful after each meal and at bedtime.

He states that the ingredients can be obtained from any good prescription pharmacy at small cost, and being of vegetable extraction are harmless to take.

This pleasant mixture, if taken regularly for a few days is said to overcome almost any case of Rheumatism. The pain and swelling, if any, diminishes with each dose until permanent results are obtained, and without injuring the stomach. While there are many so called Rheumatism remedies, patent medicines, etc., some of which do give relief, few rarely give permanent results, and the above will, no doubt be greatly appreciated by many sufferers here at this time.

Inquiry at the drug stores of this neighborhood elicits the information that the drugs are harmless and can be bought separately, or the druggist here will mix the prescription for our readers if asked to.

Concord Sidewalks.

MR. EDITOR: I regret that I am forced to use your valuable space in reply to the unsigned article in your issue of November 13th, relative to our sidewalks. It seems that my article of the 30th ultimo stirred the committee in charge, and while I would not impugn any sinister motives to the people who are endeavoring to secure a sidewalk for themselves and the public (?), I want to say that the committee does not enjoy the approval of all our citizens by any means, in this matter. Nor is the denial of the suburban residence of the committee fair. Who are the original members of the committee and where do they reside? Did not the advertisements of the "Little Brown Jug" say for the benefit of sidewalks IN CONCORD? This correspondent reserves to himself the right to criticise the acts of a public committee, with public funds in charge, his hope is that the committee will deal justly with the public and lay the walks IN TOWN where they are most needed, and will not consider the personal needs of any one at the expense of the public fund.
